Weekend Teambuilding Residential

Staying at a self catering bunkhouse near the Brecon Beacons National Park

With activities of a Night Walk, Underground Tour of Big Pit Mining Museum, afternoon at the Seaside, Quad Biking safe driving session and a RIB Speedboat experience

From £90.50 per person
(based on 13 young people and 4 staff)

I would suggest an activity and attraction based package of 2 days culminating with a quad-bike session at Taff valley quads and half hour speedboat ride on Cardiff bay. We have built in a course facilitator who will guide the group to the various locations and destinations.

The programme is designed to promote teamwork, while boosting individuals self-confidence and esteem. Some of the activities are quite high cost so there is a social inclusion element in the programme.

Accommodation is at a good bunkhouse and is self catering. Its run by a charity organisation and primarily used for youth groups.

Suggested Itinerary

Day 1

3.30am Depart Birmingham

6.30pm Arrive Hirwaun in the Brecon Beacons

6.30pm Prepare an evening meal
